Forecast For Grampian
Issued by Met Office Aberdeen
at 0400 on Tuesday 28 Dec 2021

++ Valid for broadcast between 0600 and 1800

Headline:
Mainly dry today, misty low cloud lingering in places.

Today:
Chance of a little rain along the east coast this morning. Otherwise it will be dry today with areas of mist and low cloud, some brightness possible especially in the west. Rather cold. Maximum temperature 5 deg C (41 deg F).

Tonight:
The evening and night will be dry with some fog patches and a widespread frost. High cloud will spread from the southwest later in the night. Minimum temperature -3 deg C (27 deg F).

Wednesday:
Rain will spread from the southwest by late morning before clearing away later in the afternoon. Windy with fresh to strong southeasterly winds, veering westerly by evening. Milder. Maximum temperature 10 deg C (50 deg F).

Outlook for Thursday to Saturday:
Mainly dry, bright and mild on Thursday and Friday. Mainly dry on Saturday, a little rain possible in the south and west.
